

Vienna, Austria

Annual Congress of the  
European Association of Nuclear Medicine

October 21 – 25, 2017  
Vienna, Austria

**Lunch Symposium – Siemens Healthineers**  
**Monday, October 23, 2017, 13:00 - 14:30, Hall K**

### Session Title

#### **NEW Developments in Molecular Imaging**

*Join us for lunch as leading experts in molecular imaging share insights into the most recent advances in SPECT/CT including xSPECT Quant1 and PET/CT focusing on next-generation SiPM-based systems<sup>2</sup>.*

#### **Moderator:**

Prof. Frank M. Bengel, Medizinische Hochschule, Hannover, Germany

#### **Programme**

##### **xSPECT Quant: SPECT/CT quantification in clinical practice**

John Prior, Ph.D., M.D.

Professor and Head of Nuclear Medicine and Molecular Imaging

Lausanne University Hospital (CHUV)

Lausanne, Switzerland

##### **Beyond current SiPM-based PET technology: What is achievable?<sup>2</sup>**

Bernard Bendriem, Ph.D.

Principal Expert, Research and Development

Siemens Healthineers

Knoxville, Tennessee, USA

##### **Beyond current SiPM-based PET technology: More than a vision, first images.<sup>2</sup>**

Carl von Gall, M.D.

Product Manager

Siemens Healthineers

Hoffman Estates, Illinois, USA

<sup>1</sup>xSPECT Quant is not commercially available in some countries. Due to regulatory reasons, its future availability cannot be guaranteed.

<sup>2</sup>The product mentioned herein is currently under development and does not yet fulfill all the essential requirements according to the European Medical Device Directive (93/42/EEC) and its national implementations. It is not yet commercially available in the European Union and not available for sale in the US or any other country. Future availability cannot be guaranteed.
